SEIZE THE WORK DAY

It's practically impossible not to carpe diem like crazy when you work in an office like this. The design: bold, modern and so cool it hurts. The space: light-filled and spacious with warehouse height ceilings that you can call your own or take half and wall off your own private spot. The feel: straight out of HBO's Silicon Valley. We've never said this before, but we'll be legitimately jealous of whoever gets this one.

PROPERTY HIGHLIGHTS

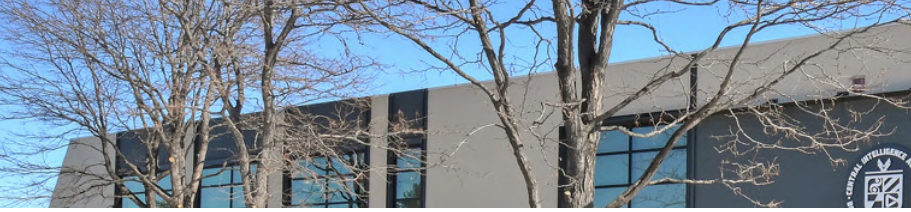

- Tech office with jaw-dropping interiors
- Flexible configuration
- Open work space, private offices, phone booths, and many large conference rooms
